

USE OF TECHNOLOGY

All students in Years 5, 6 and 7 will use ACER Chromebooks for educational use in school. This document provides students and their parents/caregivers with information about the general use of technology, ownership of the devices, rights and responsibilities for possession of the device, care of the Chromebook and being a responsible digital citizen. Students and their parents/caregivers are reminded that use of School Technology is a privilege and not a right and that everything done on any School owned computer, network, or electronic communication device may be monitored by school authorities. Inappropriate use of School Technology can result in limited or banned computer use with appropriate disciplinary consequences.

OWNERSHIP OF THE CHROMEBOOK

Parents and Caregivers who lease an ACER Chromebook for their child to use at Linden Park Primary School need to be aware that Linden Park Primary School retains sole right of possession of the Chromebook. Whether the Chromebook is leased or bought through our Service provider – Ipaui Technologies, the School provides the Chrome licence and will install school chosen Apps and settings. The School provides access to the Chromebook to the student for educational purposes only, for the academic year. Additionally, Linden Park Primary School teaching and admin staff retain the right to collect and/or inspect Chromebooks at any time, including via electronic remote access and to alter, add or delete installed software or hardware. Students not leasing or buying a Chromebook will be provided with access to a Chromebook and/or laptop during school hours where required to complete his/her required curriculum.

COLLECTING A CHROMEBOOK AND THE STUDENT/ PARENT/CAREGIVER GUIDELINES AND ESSENTIAL AGREEMENTS

All parents/caregivers must go through the Chromebook User Essential Agreements with their child (whether buying, leasing or just using at school). These forms **must** be returned before students can collect their Chromebooks. To collect the Chromebook for home use, students who lease must return the last page of this document and must have made a payment of \$175 for the year. Students who have bought Chromebooks will be issued with theirs as soon as practically possible. *Please note that students will not have access to the Internet until both the Chromebook Essential Agreement and the Digital Devices & Cyber-Safety forms have been signed and returned to the school.*

RETURNING YOUR CHROMEBOOK

At the end of the school year, students who have leased must turn in their Chromebooks and all peripherals and accessories to the library. Failure to return a Chromebook will result in a charge of \$460.90 replacement cost being made. *This price may increase as a result of fluctuations in product replacement costs.* Students who have bought the Chromebook and will be leaving the school will be required to return the Chromebook for a short period so that the original factory settings can be reinstated on the device.

TRANSFERRING/WITHDRAWING STUDENTS

Students that transfer out of or withdraw from Linden Park Primary School must return their leased Chromebooks and peripherals and accessories to library personnel on the Monday of the last week of attendance. Failure to turn in the Chromebook will result in the student being charged \$460.90 (inc GST) replacement cost. *Note: This price may be higher as a result of fluctuations in product replacement costs.* Students who have bought the Chromebook will be required to return the Chromebook for a short period, prior to leaving, so that the original factory settings can be reinstated on the device.

While working in a digital and collaborative environment, students should always conduct themselves as responsible digital citizens by adhering to the following:

1. **Respect Yourself.** I will show respect for myself through my actions. I will select online names that are appropriate. I will use caution with the information, images, and other media that I post online. I will carefully consider what personal information about my life, experiences, or relationships I post. I will not be obscene. I will act with integrity.
2. **Protect Yourself.** I will ensure that the information, images, and materials I post online will not put me at risk. I will not publish my personal details, contact details, or a schedule of my activities. I will report any attacks or inappropriate behaviour directed at me while online. I will protect passwords, accounts and resources.
3. **Respect Others.** I will show respect to others. I will not use electronic mediums to antagonise, bully, harass, or stalk people. I will show respect for other people in my choice of websites: I will not visit sites that are degrading to others, pornographic, racist or inappropriate. I will not enter other people's private spaces or areas.
4. **Protect Others.** I will protect others by reporting abuse and not forwarding inappropriate materials or communications. I will avoid unacceptable materials and conversations.

5. Respect Intellectual property. I will request permission to use copyrighted or otherwise protected materials. I will suitably cite all use of websites, books, media etc. I will acknowledge all primary sources. I will validate information. I will use and abide by the fair use rules.
6. Protect Intellectual Property. I will request to use the software and media others produce. I will purchase, license and register all software or use available free and open source alternatives rather than pirating software. I will purchase my music and media and refrain from distributing these in a manner that violates their licenses.

Copyright and File Sharing

Students are required to follow all copyright laws around all media including text, images, programs, music, and video. Downloading, sharing, and posting online illegally obtained media is against the Digital Devices and Cyber Safety Policy and User Agreement.

ONLINE & SOCIAL MEDIA GUIDELINES

Be aware of what you post online. **Website and social media venues are very public**. What you contribute leaves a **permanent** digital footprint for all to see. Do not post anything you wouldn't want friends, enemies, parents, teachers, future colleagues or employers to see. If you wouldn't show it at a whole school assembly, simply don't post it.

Follow the school's code of conduct when writing online. It is acceptable to disagree with other's opinions; however, do it in a **respectful** way. Make sure that criticism is constructive and not hurtful. What is inappropriate in the classroom is inappropriate online.

Think before you act because **your virtual actions are real and permanent!** (Like footprints on the Moon!) How you represent yourself online is an extension of yourself. Do not misrepresent yourself by using someone else's identity.

Be safe online. **Never give out personal information**, including, but not limited to, last names, phone numbers, addresses, exact birth dates and pictures. Do not share your password with anyone besides your teacher and parents.

Linking to other websites to support your thoughts and ideas is, at times appropriate. However, be sure to **read and review** the entire website prior to linking to ensure that all information is appropriate for a school setting. If in doubt seek teacher or parental advice.

Follow the principles of **Academic Honesty**. Do your own work. Do not use other people's intellectual property without their permission! Be aware that it is a violation of copyright law to copy and paste other's thoughts. It is good practice to hyperlink to your sources. Be aware that pictures may also be protected under copyright laws. Verify that you have permission to use the image or that it is under 'Creative Commons' attribution.

Online work should be **well written**. Follow writing conventions including proper grammar, capitalization and punctuation. If you edit someone else's work, be sure it is in the spirit of improving the writing.

If you run across inappropriate material that makes you feel uncomfortable or is not respectful, tell your teacher or parent immediately. **Follow Cyber Safety recommendations**.
